SUMMARY

Motivated and detail-oriented web developer with strong foundational knowledge in MERN development. Skilled in building responsive and dynamic web applications using JavaScript, HTML, CSS, and modern frameworks. Experienced in developing backend APIs, working with databases, and creating user-friendly interfaces through academic projects and personal learning. Eager to apply technical skills in a collaborative environment and contribute to real-world web solutions

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Tools & Platforms: Git, GitHub, VS Code, Postman

INTERNSHIP EXPERIENCE

Full Stack Development Intern, Cognifyz Technologies (Virtual)

Dec 2024 – Jan 2025

- Completed a one-month virtual internship focused on full-stack web development.
- Contributed to both front-end and back-end development tasks.
- Improved skills in creating responsive web interfaces and working with APIs.

EDUCATION

B.Tech in Information Technology,

2022 - 2026

Silver Oak University, Ahmedabad | CGPA: 8.94

Higher Secondary Certificate (HSC),

March 2022

Karmachari Shikshan Tirth, Ahmedabad | Percentage: 72%

Secondary School Certificate (SSC),

March 2020

Prakash Higher Secondary School, Ahmedabad | Percentage: 78%

PROJECTS

E-commerce Book Store Web App

Tech Stack: React.js, Node.js, Express.js, MongoDB, Bootstrap

- Developed a responsive web application for browsing, filtering, and purchasing books online.
- Implemented features like category/price filters, search, cart system, and admin panel.
- Designed user-friendly UI using React and Bootstrap with seamless backend integration.

Real-Time Chat Application

Tech Stack: React.js, Node.js, Express.js, Socket.io, MongoDB

- Created a real-time chat web application using WebSockets.
- Implemented features like one-to-one chat, typing indicator, and online/offline status.
- Used MongoDB to store chat history and user information.
